FOR IMMEDIATE RELEASE

Chippers Southeast Joins Morbark® Dealer Network

Winn, Mich. (July 28, 2016) – Morbark, LLC, is pleased to announce that Chippers Southeast has become the exclusive Morbark® tree care products dealer for Western North Carolina and almost all of South Carolina. Morbark is a leading manufacturer of tree care, forestry, sawmill, and wood recycling equipment.

“Morbark shares our strong commitment to customer service and support, and together we make a great team,” said Steve Neal, President of Chippers Southeast. “We look forward to continuing our long-standing relationships in the tree industry.”

“We are excited to add Chippers Southeast to our dealer network,” said Casey Gross, Morbark Tree Care Products Business Unit Director. “Their dedication to their customers, as well as their experience and local knowledge, will greatly benefit our customers.”

About Chippers Southeast:

Chippers Southeast is a division of Ditch Witch of the Carolinas, with headquarters in Charlotte, N.C., and three full-service branches in South Carolina. Established in 1974, Ditch Witch of the Carolinas has provided parts, service, sales and outstanding product support to both North and South Carolina. The dealership has also had a successful history of sales and service to the tree care and logging industries since 2004.

About Morbark:

Morbark, LLC, based in Winn, Mich., has been innovating and manufacturing durable, high-performance equipment for the forestry, recycling, tree care, sawmill and biomass markets for nearly 60 years. Morbark equipment helps customers harvest, process and convert wood and other organic waste materials into valuable, useful and profitable products. The company produces a full line of whole tree and waste wood chippers, flails, brush chippers, horizontal and tub grinders, sawmill equipment, material handling systems and more.
