

# VIBRATING CONVEYOR

## STANDARD EQUIPMENT

- 5" H beam frame, 1/4" thick pan, 3/8 inch thick at drive section
  - Pan sides 30 degrees (standard), straight sides or other angles optional
  - One piece transition incorporated into the conveyor panning
- 17" Wide
- 10' long Vibrating Conveyor drive section with eccentric. Conveyor formed from 3/8" steel plate. Bottom width of 17", top width 25-1/2" with flared sides, 5-1/2" deep. 5" channel steel support frame. Double fiberglass shaker legs around drive.
- 22" Wide
- 10' long Vibrating Conveyor drive section with eccentric. Conveyor formed from 3/8" steel plate. Bottom width 22", top width 32-1/2" with flared sides, 7" deep. 5" channel steel support frame. Double fiberglass shaker legs around drive.

Note: Conveyors with different heights and widths are available. Conveying speed approximately 45' f.p.m. other speeds are available.

## SPECIFICATIONS Note: Specifications may vary with equipment options

03052010

### GENERAL

#### 17" Wide Vibrating Conveyor

Length .....10'-70', one drive, one piece  
 .....over 70', additional drives, bolt together sections  
 Height.. 18" to conveyor through opening, 26" overall  
 Weight .....2,200 for 20'

#### Drives

Electric drive.....5 HP  
 Hydraulic drive ..... A7CS  
 Stroke.....11/16"

#### 22" Wide Vibrating Conveyor

Length .....10'-70', one drive, one piece  
 .....over 70', additional drives, bolt together sections  
 Height.. 18" to conveyor through opening, 26" overall  
 Weight .....2,200 for 20'

#### Drives

Electric drive.....10 HP  
 Hydraulic drive ..... A7CS  
 Stroke.....11/16"

### OPTIONS

#### 17" Wide Vibrating Conveyor

5 HP electric drive (on lengths over 20')  
 5' fiberglass conveyor section for use with metal detectors  
 Perforated conveyor bottom for screening fines  
 Straight sides  
 Metal Detector

#### 22" Wide Vibrating Conveyor

10 HP electric drive (on lengths over 20')  
 5' fiberglass conveyor section for use with metal detectors  
 Perforated conveyor bottom for screening fines  
 Straight sides  
 Metal Detector
